复试英文自我介绍时,如果你是"三无"人员,即学习成绩、科研经验、竞赛获奖,样样都没有,甚至连学生干部经历也没有,就是一个默默无闻低调奢华的存在,怎么办?

不用慌!成绩不够,情怀来凑!什么也阻挡不了你对科学的向往!

下面是 MrJin 给出的中英文对照版解决方法,供大家参考。

(请你用英文介绍下自己)

好的。亲爱的教授们,感谢给我这个宝贵的机会。请允许我介绍下自己。我叫\*\*\*,来自\*\*\* 学校,我的专业是\*\*\*。

总体来说,我是一个非常阳光,容易相处的人。在我的业余时间里,我喜欢长跑。另外,我还喜欢读书,尤其是跟(科学)相关的书。(<u>疯狂暗示自己平时的爱好跟科研有关系</u>)

至于学习,自从我刚进入大学,我就告诉自己要好好学习。(一笔带过,说多了都是眼泪。)并且,在这个过程中,我发现自己对(所报考专业)产生了强烈的兴趣。我现在仍然记得我第一次上的(该专业的一门课)。 它给我打开了一个全新的世界。从那时起,我就下定决心,希望自己能成为一名研究生,并且在这个领域有一番作为。(什么都没有了,只剩下情怀了)

所以,我做了大量的研究工作,(如果有例子,可以举出,比如读过几本书,几篇论文等) 并且努力通过了研究生考试。但是,我知道这些是远远不够的。所以,我来到这里。在我眼 里,(报考大学)一直是我梦想中的学校。它在国内,甚至是全世界都有着非常棒的声誉。 同时,它还拥有一流的研究资源和教授们。(疯狂跪舔)我真的希望自己能够被认可,并有 机会在此继续我的学业。(能不能让我有学上,全凭你一句话了)。如果可能的话,我还想 在此继续攻读博士。(疯狂暗示,你会一直给老师打工。)

那么,这就是我的个人介绍,感谢各位教授,谢谢您的耐心。

(Now, would you please introduce yourself in English?)

Ok. So dear professors , thank you for giving me this precious opportunity. Now let me introduce myself. My name is \*\*\*. I come from (学校) , and my major is \*\*\*\*.

Well, generally speaking, I am a very sunny and easy-going person. In my spare time, I like long-distance running. Besides, I also like reading books, especially those books related to (science).(自己准备几本书的介绍,防止老师继续提问你具体读过哪些书。)

As for my study, ever since the first day I came to college, I just told myself to study hard. And, also, in this process I found I developed a strong interest in (你报考的专业方向). I still remember the first time when I had my (跟你报考方向有关的某门专业)class. It opened a new world to me. Since then, I told myself, I must work hard to be a postgraduate and make a difference in this field.

So, I did a lot of research on (你报考的专业方向)(要是没底气,就省略). Meanwhile, I also worked very hard to pass the postgraduate examinations and finally I made it. But I know this is far from enough. So I come here. In my eyes, xxx University has always been my dreaming place. It enjoys a very great reputation in China and even in the world. And it also has the first-class researching resources and professors. So, I do hope I can be recognized by teachers here and be given a chance to continue with my study here. And, if possible, I also want to pursue my doctor degree here.

Well, this is just my self-introduction. Thank you professors, thank you for your patience.
